

PPMS Boys Basketball – Summer 2019

May 13, 2019

“Practice” in June and July will be working on fundamentals and skills and will be highly beneficial for your individual improvement. We will also play 3 on 3 (three point arc, side to side, some full court, some with a shot clock). Attendance is not mandatory. Days are consistent with two different times to allow more flexibility for when you can come and working around your family needs and plans. Dates and locations and times are subject to change based on administrative approval and community activities. We are planning around and will adjust for both high school basketball teams, high school and MS volleyball and the middle school girls basketball team. We look forward to working and playing.

High school gym unless noted otherwise.
